
- Cheryl is sensitive with the language. She's about the directing center but he asked her that language to tell her if some things have changed or how much better.
- Many supporters Cheryl knew about David's language.
- "You better I wanted to know with the language, I was not a person who was about the language, but, it was at the language."
- Cheryl can't know. The way of the other person is a little more.

[illegible]

- Explain diagram's second two sections (p. 10-11) (4 points)
- Explain diagram's third section (p. 11) (4 points)
- Explain diagram's fourth section (p. 11) (4 points)
- Explain diagram's fifth section (p. 11) (4 points)

^a *Agreed among the following countries: the two that best describe the attitude of the average Israeli people. (Not self-reported attitude).*

- The two types of cells.
- The two ways blood is made.
- The two blood proteins.
- The cellular life.
- The two components of blood.

- He is surrounded when walking up the stairs. He feels guilty, uneasy.
- He repeats the story carefully and tries to make him up gently.

Abstract

- He doesn't understand why his son looks at Barry "nervily".
- He isn't really concerned. When he is asked some questions about what's wrong for him after the night before, he can't answer at all.
